## INVITATION for the ISCCRO'20 Special Sessions' Organizers

Dear ISCCRO'20 Special Session's organizer,

Thank you for your interest for proposing an ISCCRO'20 Special Session (SS) topic! The plan is to have **at least four participants/speakers** per such a SS.

### **A simple procedure for organizing the ISCCRO'20 Special Session is described below:**

1. The Organizer/ Proposer of a Special Session should create the proposal as **one-page Word** document being a *Special Session Call for Papers (CfP)*, according to the example given at the [ISCCRO'20 Special Sessions](#), as follows:

[Template for PROPOSAL ISCCRO20 Special Session Call for Papers\\_SS TopicAcronym.docx](#)

Since, the plan is to have at least four participants/speakers in such a Session, and according to planned paper titles, four to six Special Sessions Keywords should be listed in the proposal. An appropriate acronym of the Special Session Title given by the Organizer would be welcome!

2. Such a *Special Session Call for Papers (CfP)*, which is still a proposal, should be send to the ISCCRO'20 Program Chair to: [conference@hsd-stat.hr](mailto:conference@hsd-stat.hr) or/and to [kdumicic@net.efzg.hr](mailto:kdumicic@net.efzg.hr), not later than **20 September 2019**.
3. After the ISCCRO'20 Scientific Committee approve such a proposal (within 10 days), the accepted final version will be saved as a PDF document and named as the ***ISCCRO20 Special Session CfP\_ACRONYM.pdf***, and will be announced at the [ISCCRO'20 Special Sessions](#) site for dissemination.

The SS Organizer should **list at least four authors (names, affiliations and e-mail addresses)** of the probable participants/presenters, planned to contribute his/her SS.

The SS organizer does not have to get burden with other administration at all, since the ISCCRO'20 Scientific and Organizing Committees will collect all the "Abstracts only" or "Abstracts + Full Papers", according the information announced at the links for [Instructions to Authors](#) and [Registration and Payment](#).

We appreciate to receive your proposal according to the given instructions until the **20 September 2019**. After the 1 October 2019, all the ISCCRO'20 Special Sessions' *Call for Papers* will be announced at the conference website.

Hope to cooperate with you and see you and your colleagues at the **ISCCRO'20 in Dubrovnik on 7-8 May 2020!**

Kind regards,

*Professor Ksenija Dumčić, PhD*

On behalf of the ISCCRO'20 Committees
