

# ISCCRO'20

## The 3<sup>rd</sup> International Statistical Conference in Croatia *Contemporary Issues in Statistical Methods and Data Science Applications*

15<sup>th</sup>-16<sup>th</sup> October 2020, Zagreb, Croatia

### Call for papers

We are looking forward to welcoming the academic, research and professional community to the beautiful city of Zagreb from 15th - 16th October 2020 for the third International Statistical Conference in Croatia- ISCCRO'20, organized by the Croatian Statistical Association (CSA), hosted by the University of Zagreb, Faculty of Economics and Business.

The conference will provide a platform for international and national networking and exchange of ideas on various aspects of statistics and related professional and scientific areas also bringing together researchers and practitioners from various aspects of statistical profession and science, with the aim of establishing contacts, presenting scientific ideas and experiences.

We would like to invite all scholars, post-graduate students and doctoral candidates to the **ISCCRO'20** conference because of the wide-ranging theoretical and practical statistical topics, discussed by broader audience, which makes this conference unique in Croatia. This conference is primarily for **scientists, data producers and data users**, therefore it is the best place for sharing and exchanging information and building networks, in a friendly and supportive environment.

At **ISCCRO'20** there will be three keynote speakers that are all eminent professors from areas of Statistics and Operations Research: **James J. Cochran, Veljko Jeremić** and **Josip Arnerić**.
